The Ferretti 550's unprecedented hull design combines elegance and a very sporty look, with clear cut and seducing lines.

The main deck's uninterrupted profile, increases its dynamic look, while the three large cabin windows on the hull sides perfectly harmonize with the overall design and grant magnificent views from the interiors and allowing natural light.

### Vessel Walkthrough

The hydraulic swim platform lowers about three feet under water allowing for easy launching and stowing of a tender or jetski. When either is removed, this over sized area allows for a beach lounge with hidden stairs built into the hull leading to the cockpit. Above the platform is an oversized locker for extra lines, water toys and dive gear.

The cockpit of Haven, has a comfortable seating area, which is entirely protected overhead and has an oversize teak dining table.

Underneath the seats, is access to a huge storage area with a washer/dryer.

Under the stairs to the flybridge , is an ice maker.

Entering the saloon, the glass door is separated into 3 sliding pieces, allowing the cockpit and saloon to be integrated when open. This 55 Ferretti has huge windows allowing in plenty of natural light.

The galley is aft on the starboard side and integrated into the living area. A U shaped countertop provides ample space to prepare food or drinks while entertaining guest.

Forward of the galley is a U shaped dining table which can easily seat 4 adults. The table is upgraded, allowing it to be turned into another sleeping area, if desired.

Across the saloon is a couch, and 42" TV on electric lift. The helm has almost 360 degree views of the water, allowing for complete visibility. And joystick controls are in both helm areas allowing for complete ease of operation. The helm chair is fully adjustable and can move for optimal seating for the captain.

To access the cabin area, a LED lit staircase is centerline in the forward off the saloon. The lower deck flooring switches from the Parquet wood in saloon to a fully carpeted cabin area. This 3/2 layout has the guest cabin to port, VIP forward, with the full beam master stateroom aft.

## FERRETTI YACHTS

Each luxurious model in the Ferretti Yachts line is a mix of comfort, safety, and finely tuned design with the latest in innovation and technology. Ferretti Yachts offers a superior cruising experience that results in total relaxation.

Founded in 1968 as a manufacturer of small boats, the Ferretti brothers introduced their first yacht, a 10-meter wooden motor sailer, at the Genoa Boat Show in 1971. Responding to market demand, by 1975 the brothers decided to shift their focus to power vessels launching the first Ferretti motor yacht in 1982. In 1993, Ferretti of America was formed to introduce the fast-growing brand to the North American market. The Ferretti Yachts division was set up in 2002 as a designer, producer, and marketer of 47' to 88' fiberglass flybridge yachts. In the decades that followed, the company grew into the Ferretti Group with the acquisition of several prestigious yachting brands including Pershing, Riva, Bertram, Mochi Craft, and megayacht builder CRN. In 2012, Ferretti was acquired by the Chinese multinational heavy machinery and automotive manufacturing company Weichai Group. Ferretti's global expansion continues today as the company maintains an active presence in Europe, North America, the Middle East, Africa, and the Asia Pacific.

With offices reaching from the Florida Keys to Charleston, SC, HMY office locations are positioned in key yachting marinas in the southeastern United States. Our experienced team of motor yacht sales professionals is ready to assist buyers and sellers with preowned Ferretti yachts.
