

2007 LAZZARA YACHTS

75 LSX DESCRIPTION

"Salacia" is a beautiful 2007 Lazzara 75' LSX. "Salacia" offers a rare opportunity to get a Lazzara LSX that's ready to start cruising immediately. With extensive upgrades and refits performed in 2021 and 2020, this 2007 Lazzara stands out from all the rest. With her brand-new teak decks, exterior cushions, and new interior, "Salacia" is ready for her next adventure. This 75' Lazzara has a 4-stateroom layout with ensuite heads in all the rooms, and additionally has a day head on the main deck. There are separate crew quarters aft for two. This allows for the captain and mate to have privacy from the main part of the vessel. Her interior volume is only

surpassed by her sleek exterior lines making her stand out from all the other boats out there.

Don't miss this 2007 Lazzara 75 LSX "Salacia."

- Infiniti edge marble flooring
- Shower panel system with multiple body spray
- Chrome and brushed nickel fixtures
- Marble shower with seamless glass enclosure Shower panel
- 120 VAC duplex receptacles (GFI protected)

MAIN DECK

SALACIA is unique right from the start of your walk through. At the swim platform is a tender garage, and outboard of it are windows looking down into the engine room. Through the windows are four Volvo Penta IPS engines prominently on display.

While starboard stairs lead up to the aft deck from the swim platform, a big sunpad is on centerline, and it's interesting to consider the design of the main deck area aft; the superstructure stops well forward, which gives the boat a lower profile as is appropriate for an express layout.

Wide side decks lead forward, with a bulwark topped by a flawlessly fashioned teak and stainless steel railing leading forward. At the bow atop the trunk cabin is a second sunpad. The deck forward is flat and convenient to walk around on. The mega-yacht-class quality and scantlings of the ground tackle, cleats, chocks is impressive. These oversize, chrome plated fittings hint at the construction quality found throughout the yacht. The teak decks everywhere topside are

beautifully fitted and finished, providing an effective nonskid surface underfoot while looking good in the process.

HELM

The helm station, with its high helm and companion seats presenting a commanding view of the horizon all around, is open to the rest of the salon, as well as to the atrium below. The electronics panel swivels on demand to suit the driver 's height and position, whether seated or standing. Standing up, the wheel and engine controls, including the IPS joystick, are at your fingertips, while you can also run the yacht while sitting on the comfortable, well-padded and nicely contoured adjustable helm seat. Gauges and switches are ergonomically laid out and easy to reach and see.

HELM AND ELECTRONICS

- Touch screen Garmin chart plotters (integrated with the following) x3 2020
- Garmin autopilot 2020
- Garmin compass 2020
- Chain counter 2020

- 435 horsepower each @ 3600 RPM
- Drive Models: IPS 923819564
- Controlled via Volvo Penta electronic joystick
- Fuel Consumption: 50 GPH at 25kts
- Serviced x4 2020
- Pods: Serviced x4 2020
- Generator: Serviced 2020

LAZZARA YACHTS

Lazzara Yachts has been building gorgeous luxury yachts and superyachts in the USA for over 50 years. As a family-owned company with generations of experience in fabrication, materials, and yard operation— Lazzara Yachts has come to be known as one of the finest yacht brands on the market. The company got its start in 1990 but the boat-building experience dates back to 1955 when Vince Lazzara built himself a 40' sailboat in conjunction with AeroMarine. The boat was fabricated using fiberglass applications that Vince himself pioneered. In 1960 Vince started Columbia Yachts production his own line of fiberglass sailboats and after a few years, Columbia yachts grew to become a worldwide developer of fiberglass sailboats. Vince sold Columbia Yachts in 1967 and relocated to Florida where he founded Gulfstar Yachts in the early 1970's. The company underwent some hardships before Lazzara began producing high-quality, high-performance motor yachts. By the 1980's Lazzara's sons, Brad and Dick, joined the family business. Lazzara's sons left their father's business and started their own company in 1990 – Lazzara Yacht Corporation, which focuses on powerboat and custom yacht design. The first launch was the Lazzara 76 in 1992. Lazzara Yacht Corporation is an industry leader in innovation, quality, and style, winning awards for innovative design and patented processes. Lazzara's fleet currently ranges from 60 to 120 feet.

HMY YACHT SALES

Since 1979, HMY Yacht Sales has been among the most trusted brokerage firms in the industry.

For decades we have continued to instill confidence in our clients who choose to buy and sell

yachts with us. Our goal is to provide you with the highest level of customer satisfaction

combined with HMY's renowned yachting expertise. When you choose your next brokerage

firm, make sure to select the one that is the most experienced and knowledgeable in yacht sales.
